

VALLEJO OPEN STUDIOS NOVEMBER 7 & 8, 2015 11AM - 5PM

Vallejo Open Studios

Saturday & Sunday, November 7 & 8
11am to 5pm both days

Vallejo Open Studios is a free, self-guided tour. Many of our artists are able to open up their studios to the public, while others will share space. Be sure to visit as many locations as possible. Each site is unique and will offer something new to your experience.

Presented by Vallejo Open Studios (VOS) • vallejoopenstudios.com

VOS is a 501(c)3 project sponsored by the Vallejo Community Arts Foundation • vallejoarts.org

Navigating Your Way Artists are listed alphabetically throughout these pages with a number identifying their studio location. This studio number corresponds to the maps on the last two pages of the directory. On the inside back cover, we have provided a numeric listing by studio so you can see which artists are showing together.

On The Cover "The Goddess Tree is an example of my computer created photographic collage work. In years past, I gave birth to intricate collages formed from images that I had tirelessly cutout from magazines, papers and photographs. That eventually gave way to weaving, doll making, life mask art and, finally, photography." -- donnio

Volunteers Nell Blackwell • Lee & Angelo Bufalini • donnio • Geraldine Ensminger • Corina Mullen • Sherry Tobin

STEERING COMMITTEE Keeping busy pretty much all year long planning Open Studios . . .

Susan Noll

Susan is a painter and graphic designer and teaches design at the Vallejo Charter School. She has volunteered for Leadership Vallejo, Vallejo

Together, and Vallejo Waterfront Artists. In 2010 Susan was one of the organizers who brought Open Studios back to life. She donates hundreds of hours each year to keep the event on track and to design and produce its marketing materials. Noll Design specializes in design for print and web, and also provides computer based color schemes for homes and commercial properties.

James Orlando

James is a sculptor, teaching-artist and a psycho-therapist. As an artist, he is drawn toward expressing components of the human

condition. His figures show the signs of labor with detailed hand stitching representing the passage of time. The intimate use of materials deepens the personal nature of the work. As a teaching-artist he both teaches art and runs the Art Program at Vallejo Charter School. As a licensed psychotherapist, he has a small private practice in Vallejo.

Gretchen Zimmermann

Gretchen is a Sculptor, Software Quality Assurance Engineer, Web Developer and Consultant. She has been involved in the Vallejo

community since she helped Susan to launch Vallejo Waterfront Artists in 2010. She created and maintains artsvallejo.com, the Vallejo Arts and Entertainment on-line event calendar, as a volunteer, and has provided the website and hosting for Vallejo Open Studios since its inception. She really needs a regular job with regular hours.
