Vallejo Open Studios November 9 & 10, 2024 11am to 5pm

Vallejo Open Studios is a free, self-guided tour. Many artists open up their studios to the public, while others share space. Be sure to visit as many locations as possible. Each site is unique and will offer something new to your experience.

Navigating Your Way

Artists are listed alphabetically throughout these pages with a number identifying their location. This number corresponds to the map and location information on pages 10 and 11. On the back cover we have provided a numeric list by studio so you can see which artists are showing together.

Annual Citywide Vallejo Open

Studios (VOS) was brought to life in 2010 as a way to engage various art groups to partici-

pate in one all encompassing event. A variety of open studios events had

always taken place throughout Vallejo and continue to do so, however during the second weekend of November, artists throughout Vallejo are encouraged to participate and either open their studios to the public or collaborate with other artists in a location of their choosing.
